This week Aquarion Water Company began messaging a Code Red Drought Emergency outcall. The Water Emergency declared on September 29th remains at a critical stage. Now that outdoor watering is no longer the main driver in water use, I wanted to remind you, rather implore you, to conserve indoor water use.

Please see the link below to learn more of what you can do to achieve savings.

<http://www.aquarionwater.com/CT/reduce-your-indoor-water-use>

Please do all you can
